Bernie Wolf
European Windows
3315 Dawsonville Hwy.
Gainesville, Ga. 30506

I want to take this opportunity to thank you, your staff, and Heinzmann Windows of Germany for the unbelievable help with the 30K sqft. project in Clifton, VA. The attention to detail shown by everyone here and in Germany is unequalled in my experience over the last 20 plus years of building large custom homes. This project was a challenge, being it is a structure of poured concrete and a commercial cavity wall construction, with no room for error.

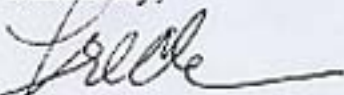

I will continue to sing the praises of European Windows and Heinzmann Windows of Germany, who I feel, have no equals in the world.

Please feel free to have any potential clients of yours, call for references or insight.

I have included all the archived pictures that we took during construction and gotten permission for your use.

Thank-you

Sincerely,

Fred Strahley
