

European Windows
Box 6767
Gainesville, GA 30504

Dear Bernie:

We are writing to express our complete satisfaction with the Heinzmann-Fenster Windows we purchased through European Windows for our new home construction in 1999. We examined and studied every major window company including a local manufacturer. None came close to the strength, energy efficiency, beauty and projected durability of the Heinzmanns. An added bonus for us, was the way these windows worked with the Hebel (aerated concrete) construction of our house.

We continue to believe these are the finest windows and doors made in the world and are happy to serve as a reference.

Sincerely,

Wallace and Carol Cooper
